troubles over here

**DURFEE COLLEGE '62**

## DEDICATION

The Class of 1962, through the staff of *Durfee College '62*, respectfully dedicates this publication to those people, the administration, students, and other citizens throughout the area, nameless through their very numbers, who helped in obtaining accreditation for our college.

Realizing that besides the invaluable education we all received during the past four years, accreditation has been the most important single event of our scholastic careers, we humbly express a sincere *Thank You* to all.

## PRESIDENT'S MESSAGE

We are all indebted to the graduates of this class for their constant and indispensable support of our efforts toward the long sought goal of accreditation which was achieved in December 1961.

We know that you will forcefully and successfully meet the challenges of the future with the same consideration, mature judgement and virile determination which were so essential to the improvement of your college.

William J. Holland  
President

# CLASS HISTORY

1958-59

The Class of 1962 entered Tech in September, 1958, numbering more than one hundred and thirty students, including more than a score of veterans.

In December 1958, news was announced that Dr. James W. Watters, Head of the Chemistry Department at Tech, had accepted a position with the National Academy of Sciences—National Research Council.

Dr. Watters was succeeded as head of the department by Dr. Walter E. Conrad, a graduate of Wayne University, and the University of Kansas.

This fall also saw the introduction of "Chug", Phi Psi's mascot. "Chug" was a creation of Tom Wong, a Phi Psi brother.

December 19, 1958—The Student Council Christmas Party was held in the school cafeteria. A twenty pound turkey was raffled off.

December 31, 1958—Epsilon Phi Pi held a gala New Year's Party at the Hotel New Bedford.

January 1959—Mr. George Murphy, a graduate of Boston College, joined the staff of the English Department as an instructor in English.

Dr. Errol L. Dearborn, former president of Farmington State Teachers' College in Maine, a graduate of the University of Maine, Harvard University, and Columbia University, joined the faculty as an instructor in mathematics.

January 24, 1959—The Student Council held its first dance of the new year.

March 17, 1959—Durfee College entered a float, "Springtime in Erin", in the St. Patrick's Day Parade in Fall River. The float also was entered in the Newport, Rhode Island parade, and won first prize for best float from off the island.

Mr. George Murphy succeeded Professor Rudolph LaVault as faculty advisor for "The Technolog".

May 8-9, 1959—Epsilon Phi Pi's second annual production of "Club Epsilon", featuring talented brothers, as well as talent from outside the fraternity, was held on these dates.

1959-1960

The big talk in October 1959 was on construction of the Library-Student Union Building on the corner of Durfee and Elm Streets.

The construction was to be made possible by the Capital Outlay Bill approved by the Massachusetts Legislature, in the amount of \$1,200,000.

The opening of the fall semester in 1959 also marked the inauguration of the new major in mathematics. Initial enrollment in the department was fourteen students.

The Business Department added Mr. Manuel B. Silvia to its staff, and groundwork was also started at this time for the organization of the Newman Club.

This year's freshman class numbered more than 140 students, a record enrollment at Tech.

September 14, 1959—The Board of Trustees approved President Holland's budget for \$673,174 for fiscal year 1961. This budget included provisions for twenty new faculty members, a dean, and a school nurse.

September 28, 1959—The Student Council met and approved a \$3,000 athletic budget for the year. Rules committees to govern the use of the student parking lot and the bulletin board were organized.

October 3, 1959—Epsilon Phi Pi held the first fraternity dance of the year. Music was supplied by the Dick Suspiro Orchestra.

October 5, 1959—The soccer team opened the season with a 2-0 victory over Brown at Aldrich Field in Providence.

The "probies" from St. Anne's Hospital School of Nursing were very much in evidence this week—ridiculous costumes and all.

October 10, 1959—Phi Psi Fraternity held its first dance of the season at the Village Barn in Westport, with Georgie Holliday's Orchestra providing the music.

The groundwork was set for the organization of a Women's Athletic Association at Tech during this week. Approval for the formation of the association was received the following week.

The night school program at Tech in 1959-60 showed an enrollment of 641 students, an increase of 140 over the enrollment of 1958-59.

October 16, 1959—The Class of 1960 sponsored a record hop in the school cafeteria.

October 19, 1959—The American Institute of Electrical Engineers Student Branch held its first meeting of the year. Everett Galligan, a 1959 Tech graduate was the featured speaker. His topic was "Analog Computers in Problem Solutions."

Dick Rounds, Class of 1962, appeared in a Little Theater production of "Guys and Dolls."

The Board of Trustees decided to delay action on the preliminary plans for our proposed new buildings until a committee set up

by Governor Furcolo decided upon the best course of action for Durfee Tech and New Bedford Institute of Technology. This committee's report is expected "in early November."

The soccer team was still going strong, being undefeated for the games played thus far this season.

October 30, 1959—The Varsity Club sponsored a record hop in the college cafeteria.

November 2, 1959—During this week the Art Department inaugurated an informal discussion period, open to all members of the department. The meeting proved to be a very informative, as well as a very interesting affair.

November 5, 1959—The students, aroused by news that the Student Council intended to restrict the use of the college parking lot to juniors and seniors, signed a petition asking that any decisions on the student parking lot be put before a student vote. No action was taken by the Student Council on the matter.

November 7, 1959—Epsilon Phi Pi and Kappa Sigma Phi co-sponsored a dance, the "Halloween Howl", at Chet's Barn in Little Compton. Music was provided by Mac and Cal Chrupcala and their group.

November 10, 1959—The Engineering Society held an open meeting in the school auditorium. Mr. Byron O. Pierce, minerologist, was the guest speaker. Mr. Pierce showed colorful slides taken on his travels in South America, the Swiss Alps, Siberia, and the Western United States.

November 11, 1959—A crowd of about 175 people watched Phi Psi's booters defeat Epsilon's kickers in the inter-fraternity game held at Father Kelly Park. The game went into two overtime periods, with Phi Psi finally winning by a score of 3 to 2.

This week also saw the granting of the first Sabbatical Leave in the history of Durfee College. Professor Howard B. Leighton was the recipient of the leave.

November 12, 1959—The newly-organized Mathematics Club met in the lecture hall to hear a talk by Mr. Herbert. Mr. Herbert's topic was "Logarithms of Negative Numbers."

This was also the week during which a theft occurred in the cafeteria. Mr. Murphy who had just purchased his lunch, remembered that the parking meter had just run out. He placed his tray on the table, ran out and fed the meter, and when he got back, his lunch had disappeared.

November 16, 1959—A.I.E.E. held its second open meeting of the school year. Mr. Charles H. Keenan, of the Yankee Atomic Electric Company was the guest speaker. His subject was "The Application of Nuclear and Electrical Power."

November 24, 1959—Phi Psi's mascot, "Chug" disappeared. There was some question as to who caused the disappearance of the beloved nebbish. Some said Epsilon had it, others said Kappa Sigma Phi had it, and still others were heard to say that it was Chug's mating season, and he had left of his own accord.

November 26, 1959—Epsilon held its annual Thanksgiving Dance at the Stone Bridge Inn. Mac Chrupcala and his group provided the sounds.

November 28, 1959—Phi Psi held its "Chug" dance at the K of C Hall in Swansea. The Bostonians provided the music. "Chug", by the way, was not present at the dance.

This week was also the week in which the word SOCCER was to be found everywhere.

Phil Wetterland, a 1957 Tech graduate, was named coach of the basketball team.

December 1, 1959—Still no sign of "Chug".

December 14, 1959—Loan to Tech students under the National Defense Loan Program reached a total of \$10,925.

December 18, 1959—The annual Christmas party sponsored by the Student Council was held in the cafeteria. Many Tech students, as well as nurses from St. Anne's, Union, and Truesdale Hospitals enjoyed the festivities.

This Student Council event was followed on December 21 by the Council's Christmas Dance at Stevenson's Restaurant.

December 24, 1959—"Chug" returns! ! ! The lovable nebbish returned unannounced to the brothers of Phi Psi. His kidnapers turned him loose unharmed in room C-25.

January 7, 1960—Dr. Conrad, head of the Chemistry Department was awarded \$10,150 in a grant from the Petroleum Research Fund for use in his work at Durfee Tech. He also received a \$2,500 grant from the Research Corporation.

January 11, 1960—MIDYEAR EXAMINATIONS BEGAN.

January 20, 1960—MIDYEAR EXAMINATIONS ENDED.

January 23, 1960—The Class of 1962 sponsored a dance at Stevenson's in Dartmouth, with music being provided by Lenny Page and his orchestra.

January 27, 1960—The Chemistry Club presented a movie on "Stellar Evolution", narrated by Dr. George Gamow, a noted authority on the origin and development of the universe.

January 31, 1960—Tech's basketball team was still undefeated in conference play.

February 2, 1960—Newman Club members elected officers at the first official club meeting.

February 4, 1960—The long-awaited committee report on education in Southeastern Massachusetts was formally announced by Governor Furcolo's Southeastern Massachusetts Educational Committee.

Among other things the report included a plan to turn Durfee Tech into a two-year community college, and to retain New Bedford Institute of Technology as a four year engineering college to serve the aims of higher education for this part of the state.

The report met with very little support and was denounced by several faculty members as a "careless and superficial job of studying the situation here at the college." This also seemed to be the general consensus among the Tech students.

During this week and the next, students from Tech circulated a petition asking the Governor to reconsider his plans to eliminate Durfee Tech as a four-year degree-granting college. More than 10,000 signatures were obtained in the canvass.

February 23, 1960—New Bedford Institute of Technology Board of Trustees voted for a merger of New Bedford and Durfee Tech.

March 1, 1960—The Durfee College Board of Trustees voted unanimously to press for immediate action by the legislature on the consolidation proposal made by New Bedford Institute of Technology.

In a poll conducted at Tech, 84% of the voting students were in favor of consolidation.

March 1960—Durfee Tech's basketball team won the conference title.

April 21, 1960—Norma Cornelison and Luis Ramos, both members of the Class of 1962, received honorable mention in the symbol-designing contest sponsored by the Foundation for World Literacy. Norma and Luis placed in the top 17 of the 597 entries from thirty states.

April 25, 1960—Dr. Conrad was awarded a \$4,385 grant by the National Science Foundation to continue his undergraduate training program here. This brought the total amount awarded to Dr. Conrad this year to \$17,035.

May 7, 1960—The Junior Prom was held at the Dartmouth Country Club.

May 14, 1960—Alumni Day at the college. A banquet and dance were held at Stevenson's.

May 16, 1960—FINAL EXAMINATIONS BEGAN.

May 24, 1960—The Senior Prom was held at the Shamrock Cliff in Newport, R. I.

May 26, 1960—FINAL EXAMINATIONS ENDED.

## 1960-1961

June 19, 1960—Professor William C. Wild, head of the Business Department, received his Master of B. A. degree from Northeastern University.

September 7, 1960—Freshman enrollment for the fall semester totaled 132 students.

The beginning of the new school year also brought several additions to the faculty. The new members included Mr. Warren Babcock, an instructor in the Business Department, Miss Rose Drislan, instructor in Nursing Education, Mr. Donald S. Presel, a physics instructor, and Mr. Thomas S. Collins, of the Textile Department.

October 19, 1960—Members of the Technology Staff attended Newspaper Night at the Elks Hall. Representatives from Tech were William F. Connelly, the editor-in-chief, Leo R. Lanouette and James N. Manton, co-editors, and Thomas Prezalar, circulation manager.

November 8-9, 1960—The main topic of conversation around Tech these two days was the national election in which Massachusetts' John F. Kennedy defeated Vice-President Richard M. Nixon in one of the closest races in history for the Presidency of the United States.

November 11-12, 1960—The Geology Club, under the direction of Professor Eugene R. Williams, made a field trip to New Hampshire and Maine. The group stayed overnight at Professor Williams' summer cottage in Effingham, New Hampshire.

November 24, 1960—Epsilon held its annual Thanksgiving Dance at the Stone Bridge Inn.

November 26, 1960—Tommy Tanous's Orchestra provided the sounds at Phi Psi's "Chug Again" Dance at the K. of C. Hall in Swansea.

December 15, 1960—Mr. Robert Bento, a graduate of Providence College and the University of Maryland, joined the faculty of Tech as an assistant professor of physics.

Tech's soccer team finished the 1960 season with a record of 2 victories and 9 defeats, surely not a true indication of the team's ability, since injuries hampered the team throughout the season.

December 16, 1960—The Student Council's Christmas party in the cafeteria was again a great success. The party was followed by the Council's Christmas Dance on December 17, at the Hotel Mellen, which, in turn, was followed by a two-week vacation for all students.

The Chemistry Department added a gas chromatograph to its equipment. This instrument, valued at \$1,500, permits the analysis of a drop or less of liquid or of gaseous mixtures in a few minutes.

December 28-29, 1960—Durfee College participated in the North-South Holiday Seafood Fiesta Basketball Tournament held at New Bedford. Kathy Maher was elected Tournament Queen by the Tech Students.

January 9, 1961—MIDYEAR EXAMINATIONS BEGAN.

January 10, 1961—The Citizens Scholarship Foundation of America was launched at a banquet held at Venus De Milo Lounge, in Swansea. Sam Levenson, nationally known lecturer and educator was the keynote speaker at the event attended by more than four hundred students.

January 18, 1961—MIDYEAR EXAMINATIONS ENDED.

A new grading system, advocated in the December 1960 issue of the *Technolog*, went into effect this semester. The new system makes it possible for the student to know his grades within ten days of the close of final examinations, as he receives a postcard copy of his grades in the mail at that time.

February 22, 1961—Phi Psi Fraternity held its first annual Scholarship Dance at Lincoln Park. The dance was a huge success, and as a result, a full year's scholarship was made available to an incoming freshman the following September.

February 25, 1961—Tech's fencing team closed the season with a 3-4 record, after defeating Harvard Frosh by a score of 15-12 in the season's finale.

March 2, 1961—A joint meeting of Durfee Tech and New Bedford Institute A.I.E.E. and I.R.E. members was held at Stevenson's. A dinner was followed by an "After Graduation Panel" discussion. More than sixty students and instructors from the two schools were present at the meeting.

March 23, 1961—Mr. Peter E. Donnelly, former principal at Rogers High School in Newport, was named Associate Professor of History and Government at the college.

March 25, 1961—The Hotel Mellen was the setting for the Student Council's first dance of the new year.

April 11, 1961—The Durfee College Glee Club was organized after many weeks of preparation.

April 12, 1961—The Chemistry Club sponsored a lecture by Dr. John Neumer of Brown University, who spoke on "Capture of Carbene Radicals."

April 18, 1961—The Freshman Dance was held at Stevenson's, with music supplied by Buddy Reis and his orchestra

April 29, 1961—The Junior Prom, consisting of a buffet and a dance, was held at the Shamrock Cliff Hotel in Newport.

May 2, 1961—Members of the Student Branch of A.I.E.E. toured the Brown University Computer Laboratory. The IBM 7070 computer was demonstrated.

May 5, 1961—Durfee College was named one of four examining centers for the Engineers-in-Training tests.

May 15, 1961—FINAL EXAMINATIONS BEGAN.

May 26, 1961—FINAL EXAMINATIONS ENDED.

The Senior Prom was held at the Shamrock Cliff Hotel in Newport.

Professor Theodore P. Mead, head of the Art and Product Development, was awarded a sabbatical leave for the academic year 1961-62. Professor Mead will study for his doctorate in fine arts education at Columbia University.

#### 1961-1962

All interest at Tech from September 19, when classes began, until December 8 was centered around our school's bid for accreditation by the New England Association of Colleges and Secondary Schools.

Enthusiasm was at a high point and activity was great at the school.

Among the preparations for the visit from the evaluation committee were the installation of a new fire alarm system, relocation and removal of the bookstore, library, and some of the offices of members of this Business Department.

Several instructors were added to the faculty, among them, Mr. Peter Donnelly, of the Department of History and Government, a new department at the school, and Mr. Jacobo Farber, of the Electrical Engineering Department.

Professor Howard B. Leighton received his doctorate in Art Education from Columbia University.

Epsilon Phi Pi Fraternity introduced its new mascot this year. "Reeb", as he is called, is a 6-foot plus, fur-covered gent.

October 20, 1961—Delegates from Durfee College attended the Peace Corps Conference in Boston.

November 9-10, 1961—Members of the accreditation committee visited the school. The three-man committee consisted of Dean Charles E. Stearns of Tufts University, Professor Emeritus Alfred J. Ferretti, formerly of Northeastern University, and Assistant Professor William Massey of Massachusetts Institute of Technology.

On November 9, the Talker introduced its new look. The design was supplied by Anthony Lopes, a Senior in the Art Department.

On November 10, Mr. Hugh Morton, a member of the Republican City Committee, and Mr. John T. Farrell Jr., of the Democratic City Committee, spoke to members of Mr. Donnelly's American Government class on party structure and procedure.

The week of November 15 saw a battle royale between the two fraternities. Epsilon started the fracas when it kidnaped Phi Psi's "Chug". Phi Psi retaliated by confiscating Epsilon's charter and sign from the frat house, along with other furnishings from the house. Skirmishes continued for more than a week, and on November 22, Phi Psi got revenge by kidnaping "Reeb", Epsilon's standard-bearer. Negotiations for the return of the mascots to their proper organizations fell through, and both Epsilon and Phi Psi held their dances without their mascots.

Negotiations were resumed after the dances, and both "Reeb" and "Chug" were present at the Student Council Christmas Party held in the cafeteria on December 15.

November 30, 1961—A meeting of the newly-organized Circle K Club was held in the college auditorium.

December 1, 1961—The Junior Class held its first dance of the year. Stevenson's Rumpus Room was the site for the dance, which included a "Twist" contest.

December 8, 1961—"ACCREDITATION IS OURS" read the lead story headline on the December issue of the Technolog.

December 13, 1961—Raymond F. Murphy, a senior Chemistry student was offered a position as Assistant Instructor in the Chemistry Department at M.I.T., beginning in September, 1962.

December 15, 1961—The Student Council's Christmas Party was held in the school cafeteria. "Reeb" and "Chug", the mascots, were on hand for the festivities. The day also marked the beginning of the Christmas Vacation. Classes were resumed January 2, 1962.

January 1962 saw the continuation of the Senior Interviews which had begun in December.

Plans for an Open House at the College in late April were discussed at this time.

January 9, 1962—Dr. Conrad received a \$4,887 research grant from the Petroleum Research Fund. This brought the total received by Dr. Conrad from both the National Science Foundation and the Petroleum Fund to \$32,212.

January 10, 1962—Tech won its fifth basketball game of the season, defeating Curry College by a score of 73 to 63.

January 15, 1962—MIDYEAR EXAMINATIONS BEGAN

January 16, 1962—The joint committee on education of the state legislature recommended favorable action on an act authorizing the organization of a college research foundation at Durfee Tech.

The purpose of the act is to promote research at the college by obtaining, administering, or disposing of patents or inventions resulting from the research.

January 29, 1962—Several changes in the faculty were made at the end of the first semester.

George E. Murphy, an instructor in the Department of Languages and Literature, was granted a leave to enable him to complete study for his Masters Degree.

Miss Margaret A. Mullaney was appointed temporary instructor of English at the College. Miss Mullaney is a graduate of Stonehill College.

Mr. Richard V. Monopoli was appointed as an instructor in the Electrical Engineering Department. Mr. Monopoli received his B.S. in Engineering from the U. S. Naval Academy, and is working on his doctorate at Brown University.

February 2-3, 1962—The Graduate Record Examinations were given to Tech seniors on these days.

During the spring of 1962 both Epsilon Phi Pi, with "Reeb", and Phi Psi, with "Chug", sponsored school dances.

Phi Psi's 2nd Annual Scholarship Dance was held at Lincoln Park, and again was a huge success.

April 1962—Durfee College's Open House, the first in three years, was more elaborate than any previously held at the school.

The festivities, running a full week, included announcements over radio, coverage by area newspapers, a parade, an Alumni Dance, talks by guest speakers, and was climaxed on Sunday by an Open House at the College.

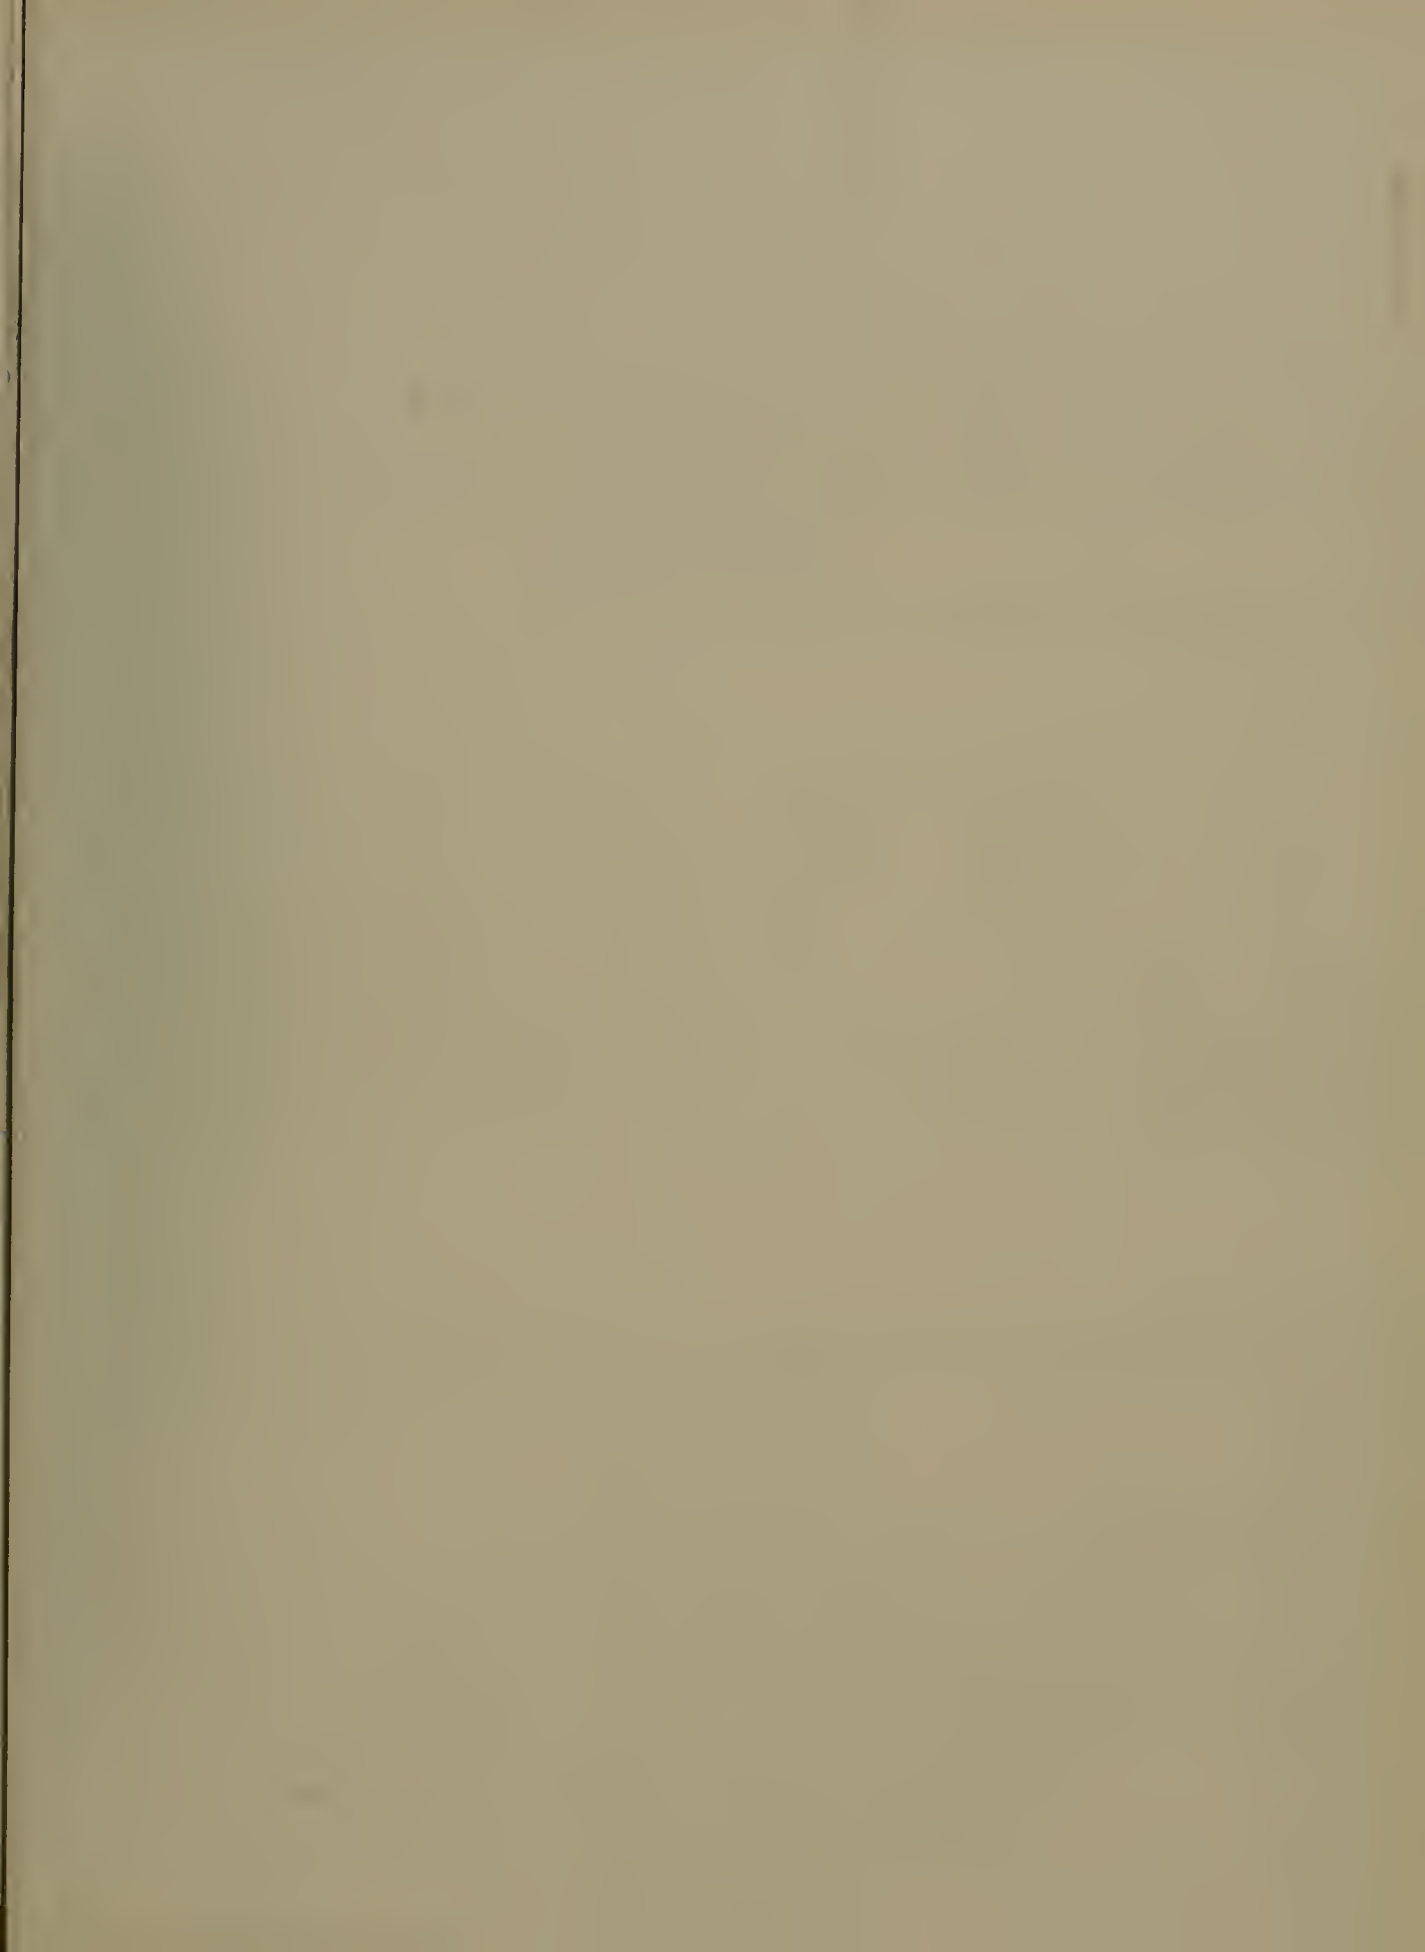

Many thousands of the area's citizens took part in one aspect or another of the celebration, including approximately five thousand visitors to the school during the Open House.

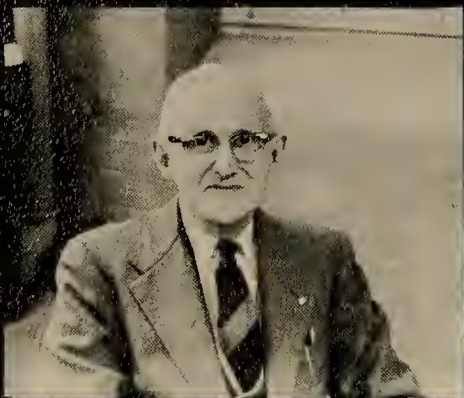

May 1962—Work was progressing steadily on the new Southeastern Massachusetts Technological Institute.

May 14, 1962—Senior Final Examinations Began.

May 21, 1962—UNDERCLASSMEN FINAL EXAMINATIONS BEGAN

## Courses for Business Administration

### FRESHMAN YEAR:

- B.A. 11 Business Mathematics
- B.A. 13 Elementary Accounting
- M.L. 11 English Composition
- S.S. 11-1 Economic History of the U.S.
- S.S. 12 History of Western Civilization
- B.A. 12-2 Introduction to Business

### SOPHOMORE YEAR

- AA. 20 Advertising
- B.A. 20 Business Organization
- B.A. 22 Business Law
- B.A. 24 Production Control
- ML. 21 English & American Literature
- S.S. 21 Principles of Economics
- B.A. 23-2 Math of Finance

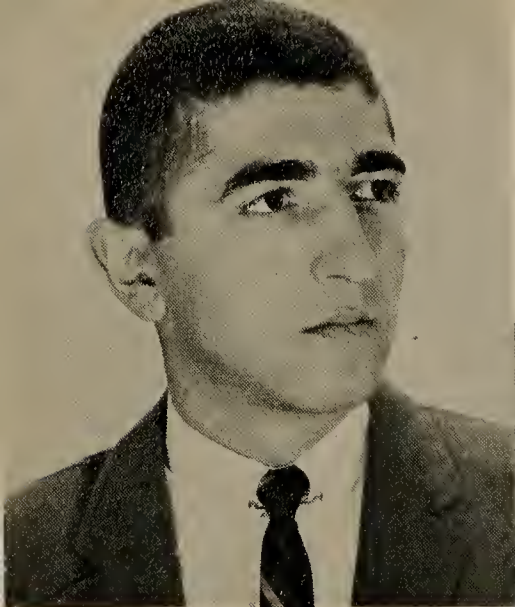

### JUNIOR YEAR

- B.A. 32-2 Time & Motion Study
- B.A. 38 Industrial Relations
- B.A. 36 Economic Statistics
- B.A. 34 Labor Problems
- M.L. 34-2 Report Writing
- B.A. 33-1 Office Services
- B.A. 37-1 Traffic Control

### SENIOR YEAR

- S.S. 36-1 Industrial Psychology
- S.S. 36-I Principles of Psychology
- B.A. 41 Cost Accounting
- B.A. 43 Industrial Management
- B.A. 46 American Labor Legislation
- M.L. 41 Public Speaking
- B.A. 45 Merchandising & Marketing
- B.A. 44 Personnel Administration

JOHN ABDALLAH  
987 South Main Street, Fall River, Mass.  
*Business Administration*

ANTONE P. ALMEIDA  
1209 Read Street, Somerset, Mass.  
*Business Administration*  
Phi Psi 1, 2, 3, 4

JOHN ARRUDA  
24-C Maple Gardens, Fall River, Mass.  
*Business Administration*  
Dean's List 2; Newman Club 2, 3, 4; Phi  
Psi 3, 4.

ARNOLD H. BENNETT  
144 Winthrop Street, Fall River, Mass.

*Business Administration*

Phi Psi 2, 3, 4; Senior Social Committee;  
Chairman.

WALTER E. BIELAWA, JR.  
84 Smith Street, Fall River, Mass.

*Business Administration*

Circle K Club 4; Epsilon Phi Pi 2, 3, 4;  
Newman Club 2, 4.

LOUIS J. BITAR  
60 Quequechan Street, Fall River, Mass.

*Business Administration*

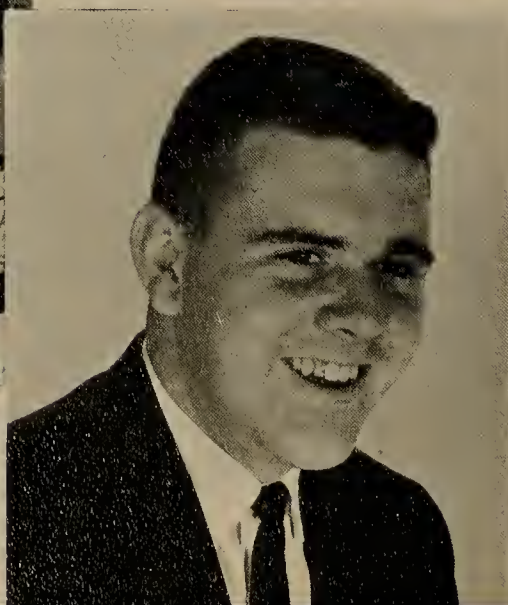

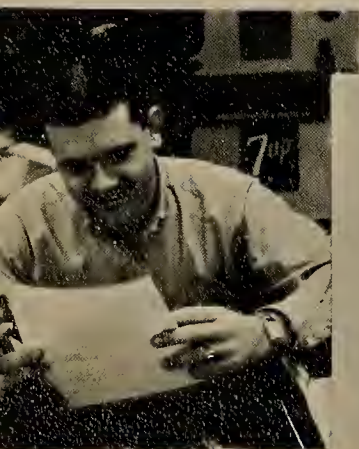

STEPHEN BURSTEIN  
67 Shawmut Street, Fall River, Mass.  
*Business Administration*  
Senior Social Committee

ROBERT L. BURT  
31A Pleasant View, Fall River, Mass.  
*Business Administration*  
Dean's List 3;

JAMES G. CHARBONNEAU  
119 Bullock Street, Fall River, Mass.  
*Business Administration*  
Circle K Club 4; Epsilon Phi Pi 2, 3, 4;  
Newman Club 2, 4; Technolog 2, Asst. Business Manager.

**NORMAN DENNIS CHRETIEN**

154 Calef Avenue, Swansea, Mass.

*Business Administration*

Phi Psi 1, 2, 3, 4.

**CHARLES F. CONNELL**

881 Plymouth Avenue, Fall River, Mass.

*Business Administration*

Basketball 1, 2, 3; Co-Captain 3; Newman Club 4; Phi Psi 1, 2, 3, 4; Soccer 2; Varsity Club 1, 2, 3, 4.

**WILLIAM F. CONNELLY**

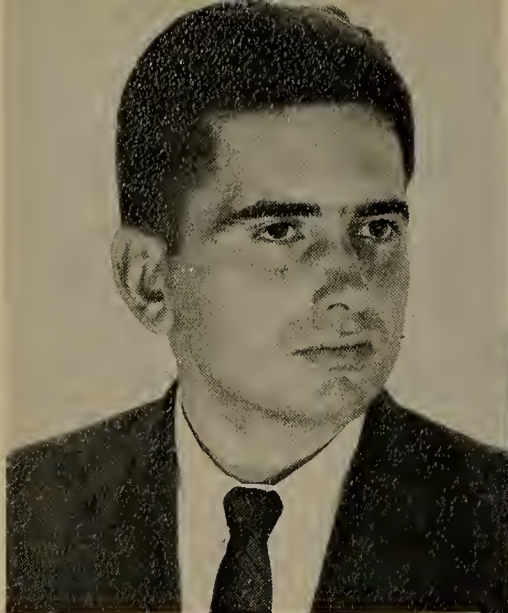

693 Robeson Street, Fall River, Mass.

*Business Administration*

Circle K Club 4; President 4; Technolog 2, 3; Business Agent 2, Editor-in-Chief 3; Yearbook Staff 4; Editor-in-Chief 4; Golf 3; Peace Corps Delegate 4.

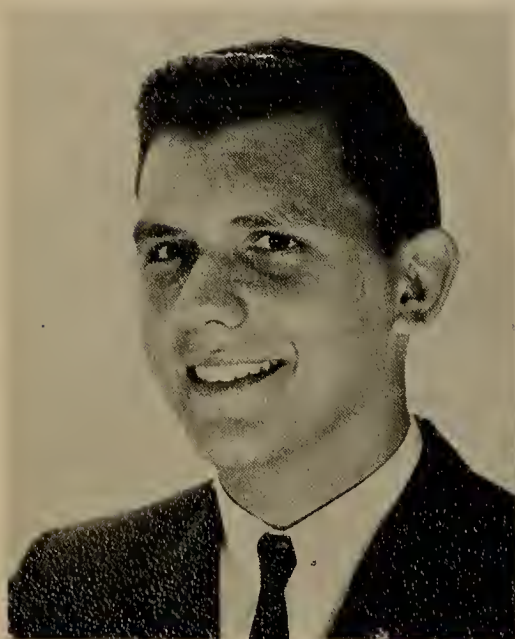

EDWARD CORREIA  
487 Fourth Street, Fall River, Mass.  
*Business Administration*

ROBERT CORRIEA  
36 Winthrop Street, Fall River, Mass.  
*Business Administration*

RICHARD DURETTE  
89 Pond Street, Swansea, Mass.  
*Business Administration*

Circle K Club 4; Dean's List 2; Newman  
Club 3, 4; President 3; Phi Psi 1, 2, 3, 4.

GERALD A. FURTADO  
123 Puffer Avenue, Swansea, Mass.

*Business Administration*

Phi Psi 1, 2, 3, 4.

ROGER GENDREAU  
74 Norwood Street, Fall River, Mass.

*Business Administration*

Epsilon Phi Pi 2, 3, 4; Pledgemaster 4; Newman Club 2, 3, 4; Technolog 2; Circulation Manager 2.

GEORGE H. GIBSON  
27 Willow Street, Newport, R. I.

*Business Administration*

Class Officer 1, 2, 4; Vice-President 1, 2; President 4; Dean's List 1, 2, 3; Phi Psi 2, 3, 4; Student Council 3, 4; Treasurer 3; Technolog 2; Business Manager 2; Peace Corps Delegate 4.

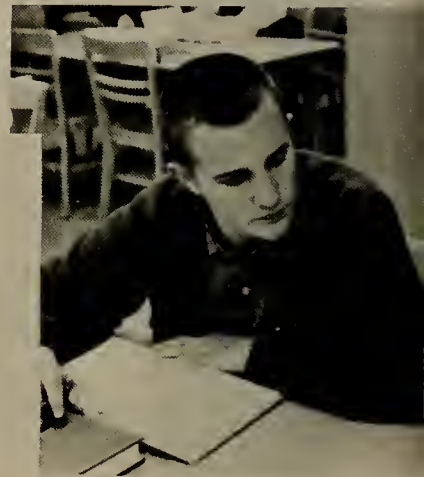

A. WAYNE GOSS

17N Gardner Neck Road, Swansea, Mass.

*Business Administration*

Baseball 1, 2, 3, 4; Phi Psi 2, 3, 4; Soccer 3, 4; Varsity Club 1, 2, 3, 4; Treasurer 3, 4.

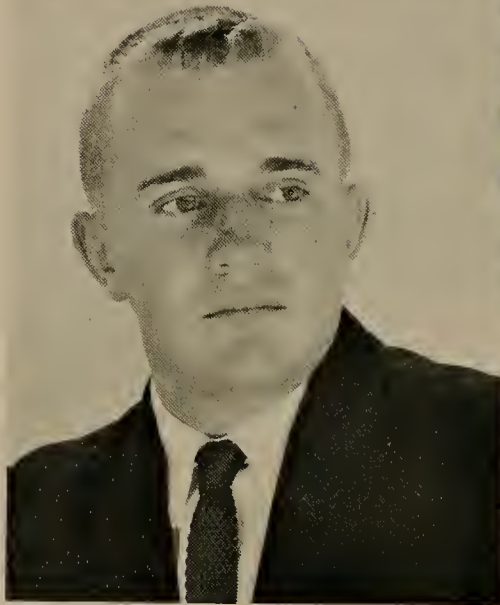

WALTER MADISON GRAY

232 East Main Road, Newport, R. I.

*Business Administration*

Phi Psi 2, 3, 4.

RONALD R. HADAD

613 Pleasant Street, Somerset, Mass.

*Business Administration*

Epsilon Phi Pi 2, 3, 4; Newman Club 2; Technolog 2.

RONALD HALBARDIER

54 Woolley Street, Fall River, Mass.

*Business Administration*

Baseball 1, 2; Basketball 2; Phi Psi 1, 2, 3, 4; Varsity Club 1, 2, 3, 4.

ARTHUR HENDERSON

1928 South Main Street, Fall River, Mass.

*Business Administration*

Epsilon Phi Pi 1, 2, 3, 4.

WILLIAM FRANCIS KEATING JR.

102 Locust Street, Fall River, Mass.

*Business Administration*

Epsilon Phi Pi 1, 2, 3, 4.

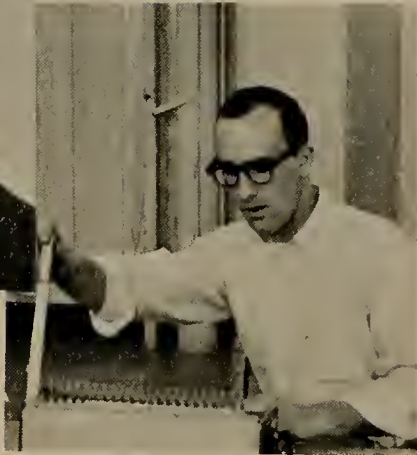

JOHN C. KOCOR  
477 Palmer Street, Fall River, Mass.

*Business Administration*

Phi Psi 1, 2, 3, 4; Technolog 1, 2, 3; Circulation Manager 2, Business Manager 3.

A. GERALD LEVASSEUR  
23C Pleasant View, Fall River, Mass.

*Business Administration*

Class Officer 3; Secretary 3; Epsilon Phi Pi 2, 3, 4; Newman Club 2, 3, 4; Junior Prom Committee 3.

RENE LEVEILLE  
606 Charles Street, Fall River, Mass.

*Business Administration*

**RAUL MARTIN**

1041 North Main Street, Fall River, Mass.

*Business Administration*

Class Officer 3, 4; Vice President 3, 4; Dean's  
List 2, 3; Geology Club 1; Phi Psi 2, 3, 4;  
Soccer 2, 3, 4; Varsity Club 2, 3, 4.

**JOSEPH W. MERRITT JR.**

430 Weetamoe Street, Fall River, Mass.

*Business Administration*

Epsilon Phi Pi 2, 3, 4; Track 2, 3, 4.

**LEONARD NAZARETH**

367 Centre Street, Fall River, Mass.

*Business Administration*

### ERNEST PONTIFF

79 Buffinton Street, Fall River, Mass.

#### *Business Administration*

Newman Club 3, 4; Phi Psi 3, 4; Golf 3, 4.

### JOHN G. QUINN

238 North Main Street, Fall River, Mass.

#### *Business Administration*

Class President 2, 3; Circle K Club 4; Dean's List 2; Phi Psi 1, 2, 3, 4; Secretary 3; Soccer 1, 2, 3, 4; Co-Captain 3, 4; Student Council 2, 3, 4; President 4; Varsity Club 1, 2, 3, 4; Special Lecture Series Committee.

### FRANKLIN D. RIBERA

187 Park Holm, Newport, R. I.

#### *Business Administration*

Class Officer 1, 2, 3; Treasurer 1, 2, 3; Dean's List 2; Social Committee 4; Phi Psi 2, 3, 4; Technolog 1, 2; Associate Editor 2.

RONALD R. RICHARD  
127 Ash Street, Fall River, Mass.

*Business Administration*

Dean's List 3.

ALAN H. SPICER  
64 Roccliffe Street, Fall River, Mass.

*Business Administration*

Baseball 2, 3; Phi Psi 2, 3, 4.

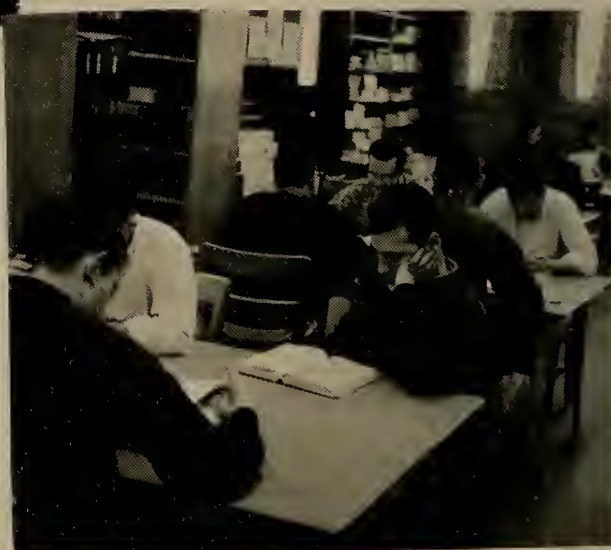

JAMES DENNIS TRAVIS  
220 Hortonville Road, Swansea, Mass.

*Business Administration*

Baseball 1, 2, 3, 4; Basketball 4; Circle K  
Club 4; Phi Psi 1, 2, 3, 4; Junior Warden 3;  
Soccer 3, 4; Varsity Club 2, 3, 4.

## Business - Engineering

1958-59

- B.A.12.2 Introduction to Business
- B.A.13 Elementary Accounting
- Ch.13 General Chemistry
- M.11.1 Algebra and Trigonometry
- M.14.2 Analytical Geometry and Calculus I
- M.E.15.1 Descriptive Geometry and Mechanical Drawing
- M.E.110 Shop Practice
- M.L.11 English Composition
- S.S.12 History of Western Civilization

1959-60

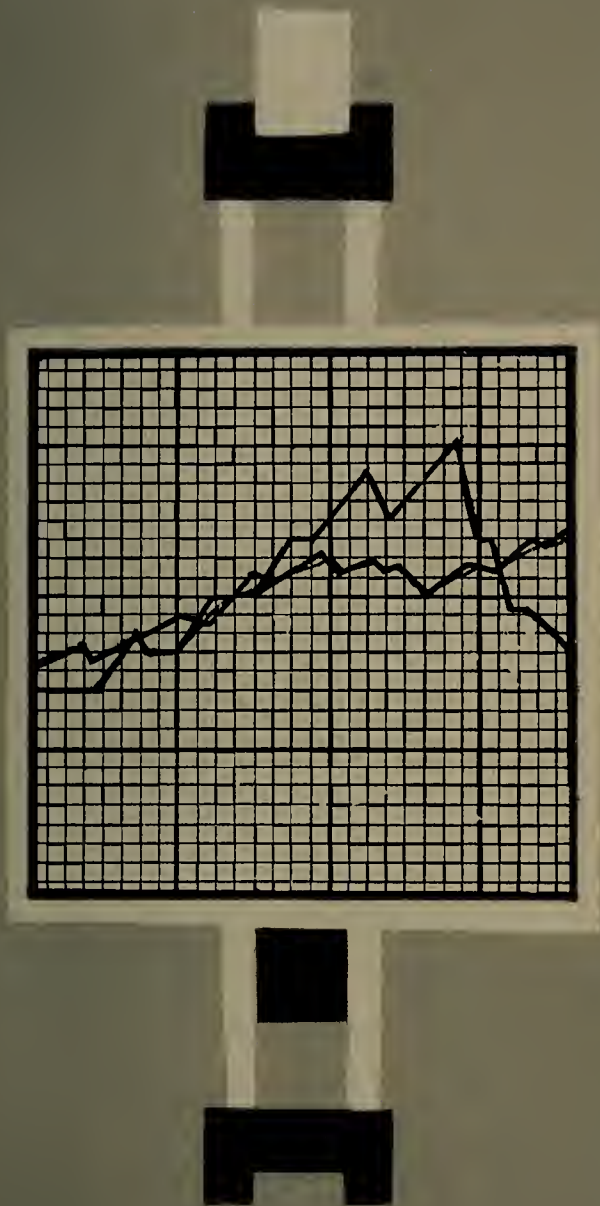

- A.A.20 Advertising
- B.A.20 Business Organization
- B.A.22 Business Law
- B.A.24 Production Control
- M.21.1 Analytical Geometry and Calculus II
- M.21.2 Analytical Geometry and Calculus III
- M.L.21 English and American Literature
- P.21.1 Electricity and Magnetism
- P.21.2 Optics and Modern Physics
- S.S.11.1 Economic History of U. S.

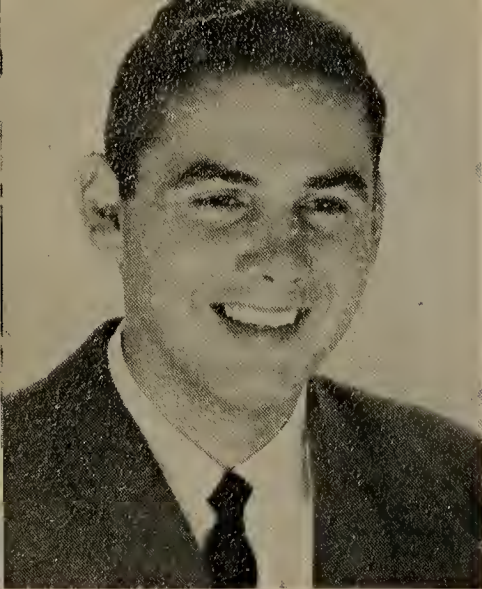

1960-61

- B.A.32.2 Time and Motion Study
- B.A.33.1 Office Services and Controls
- E.E.35 Elements of Electricity
- M.L.32.1 Business Communications
- M.L.34.2 Report Writing
- S.S.21 Principles and Problems of Economics

1961-62

- B.A.42.2 Fundamentals of Industrial Management
- B.A.45 Merchandising and Marketing
- B.A.46.1 American Labor Legislation
- B.A.48.1 Fundamentals of Industrial Relations
- M.L.41 Public Speaking
- S.S.36.1 Principles of Psychology
- S.S.41.2 Industrial Psychology

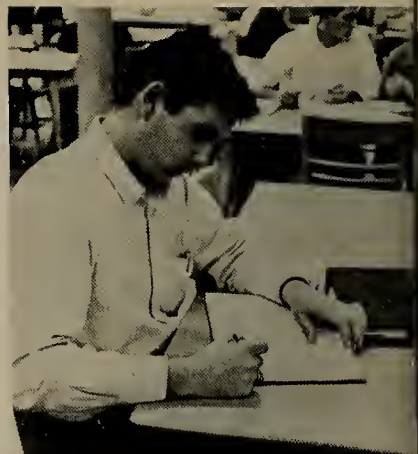

**PAUL R. DESFORGE**  
35 Ryan Street, Fall River, Mass.

*Business Engineering*

Epsilon Phi Pi 1, 2, 3, 4; Geology Club 4;  
Newman Club 4; Yearbook Staff, Assistant  
Business Manager; Intramural Basketball 4.

**THOMAS R. FLYNN**  
210 New Boston Road, Fall River, Mass.

*Business Engineering*

Dean's List 2; Geology Club 4; Math and  
Physics Club 1; Phi Psi 2, 3, 4; Yearbook  
Staff, Business Manager.

**GERARD L. MORAN**  
35D Maple Gardens, Fall River, Mass.

*Business Engineering*

A.I.E.E. 4; Dean's List 2, 3; Epsilon Phi Pi 2,  
3, 4; Geology Club 4.

ERNEST L. WOOD JR.  
19 Garfield Street, Fall River, Mass.

*Business Engineering*

Phi Psi 1, 2, 3, 4.

DAVID C. YOKE  
3B Pleasant View, Fall River, Mass.

*Business Engineering*

Circle K 4.

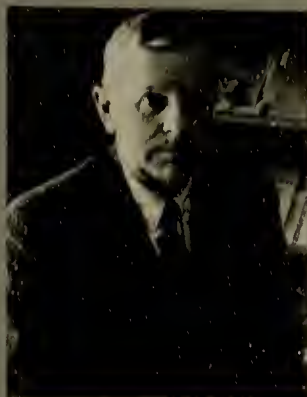

SENIOR SOCIAL COMMITTEE

Ist row (L to R): Frank Ribera, Paul Desforge, Arnold Bennett, Walter Gray, Steve Burstein 2nd row (L to R): Tony Pimentel, Gerry Elias, Manny Sousa, Herb Smith, Pete Lussier, Henry Entwistle.

WALTER E. CONRAD,  
*Head*

WALTER E. MARSTON

CARL E. MEDDE

CLAUDE W. WAGNER

## Chemistry Curriculum

1958-59

Ch.12	General Chemistry
M.11.1	Algebra and Trigonometry
M.E.10	Engineering Drawing
M.E.110	Machine Shop
M.L.11	English Composition
P.11.1	Mechanics
M.13.2	Anal. Geometry and Calculus I
M.E.130	Descriptive Geometry
P.11.2	Heat and Sound

1959-60

Ch.21.1	Qualitative Analysis
Ch.22	Organic Chemistry
M.22	Anal. Geometry and Calculus II
M.L.21	English Literature
P.21.1	Electricity and Magnetism
Ch.21.2	Quantitative Analysis
Ch.22	Organic Chemistry
M.21.2	Anal. Geometry and Calculus III
M.L.21	American Literature
P.21.2	Optics and Advanced Physics

1960-61

Ch.31.1	Organic Qualitative Analysis
M.L.33	German I
S.S.11.1	Economic History of the United States
Ch.41	Unit Processes
M.24.2	Differential Equations
Ch.33.1	Quantitative Analysis
Ch.33.2	Advanced Organic Chemistry
S.S.31.2	Fundamentals of Economics
Ch.36.2	Organic Preparations

1961-62

Ch.32	Physical Chemistry
Ch.42	Research
M.L.41	Public Speaking
M.L.43	German II
M.L.49	Technical Literature
S.S.36.1	Principles of Psychology
S.S.41.2	Industrial Psychology

**ROBERT J. BUCKO**

129 Melville Street, Fall River, Mass.

*Chemistry*

A.C.S. 2, 3, 4; President 4; Newman Club 2, 3, 4; Student Council 3, 4; Representative of Chemistry Department 3, 4.

**HENRY L. ENTWISTLE JR.**

77 Pershing Street, Fall River, Mass.

*Chemistry*

A.A.T.C.C. 4; A.C.S. 2, 3, 4; Vice-President 4; Baseball 1, 2, 3, 4; Engineering Society 1; Epsilon Phi Pi 3, 4; Math and Physics Club 1; Varsity Club 1, 2, 3, 4.

PIERRE A. LUSSIER  
99 Ridge Street, Fall River, Mass.

*Chemistry*

A.A.T.C.C. 4; A.C.S. 2, 3, 4; Treasurer 3;  
Engineering Society 1; Math and Physics  
Club 1, 2; Newman Club 2, 3, 4; Social  
Committee 4.

RAYMOND F. MURPHY  
15 Oliver Street, Fall River, Mass.

*Chemistry*

Dean's List 1, 2, 3, 4; Epsilon Phi Pi 1, 2,  
3, 4.

AMERICAN CHEMICAL SOCIETY

1st Row (L to R): A. DiCorpo, P. Lussier, R. Bucko, N. Hare, H. Entwistle, R. Boardman.  
2nd Row: W. Thomas, G. Morash, A. Dunnigan, R. Kocon, Dr. Conrad (Adv.), D. Sabourin, H. Guay, R. Desrosier, R. Murphy.

FRANK H. DILLON,  
*Head*

ALBERT E. STEWART

EUGENE R. WILLIAMS

## Civil Engineering Curriculum

1958-59

Ch.12	General Chemistry
M.11.1	Algebra and Trigonometry
M.E.10	Engineering Drawing
M.L.11	English Composition
P.11.1	Mechanics
M.13.2	Anal. Geometry and Calculus I
M.E.110	Machine Shop
M.E.130	Descriptive Geometry
P.11.2	Heat and Sound

1959-60

C.E.21	Surveying
M.21.1	Anal. Geometry and Calculus II
M.E.22	Applied Mechanics
M.L.21	English Literature
P.21.1	Electricity and Magnetism
M.21.2	Anal. Geometry and Calculus III
M.L.21	American Literature

1960-61

C.E.32.1	Elements of Geology
C.E.33	Strength of Materials
C.E.39.2	Civil Engineering Laboratory
E.E.35	Elements of Electricity
M.31.1	Differential Equations
M.E.32.2	Fluids Mechanics
S.S.36.1	Principle of Psychology
S.S.31.2	Fundamentals of Economics
M.M.31.1	Heat and Power

1961-62

C.E.41	Structural Theory
C.E.42.1	Reinforced Concrete
C.E.46.2	Structural Design
C.E.47.1	Building Construction
C.E.48.1	Introduction to Sanitary Engineering
C.E.49.2	Highway Engineering
M.L.41	Public Speaking
S.S.33.1	American Government
S.S.34.2	United States History
C.E.37.2	Soil Mechanics
A.35.2	Art Through the Ages

RONALD A. CAPETO  
21 Perkins Avenue, Somerset, Mass.

*Civil Engineering*

Class Officer 4; Treasurer; Dean's List 3;  
Engineering Society 3, 4; Geology Club 3.

ALEXANDER JOHNSON  
74 Penniman Street, New Bedford, Mass.

*Civil Engineering*

Engineering Society 3, 4; Geology Club 3,  
4; Vice-President 4; Intramural Sports 2, 3,  
4; Student Assistant 4.

## This Year In Review

Our Senior year at Tech was the most exciting of all.

The first step in this past year's activities took place last June as we were leaving school . . .

June 13, 1961—Durfee College Trustees Applied for Accreditation. The board's action was based on a report submitted by Dr. Errol Dearborn and President William Holland citing the "noticeable advances" made since January 1959.

At this same time approval to seek legislation establishing a research foundation at Tech was voted by the Trustees.

August 15—A budget requesting more than three quarters of a million dollars was approved by the Board of Trustees for submission to the legislature for operation of the college during 1963.

September 12—The 1961-62 academic year began with enrollment expected to reach 600, an increase of ten percent over last year's student population.

October 3—Definite dates for the impending visit of the Accreditation Survey Committee from the New England Association of Colleges and Secondary Schools were set—November 9 and 10 were the appointed dates.

October 7, 1961—The Geology Club, under the direction of Professor Eugene Williams, visited Black Mountain in Rumford, Maine. About twelve members of the Geology Club made the trip.

October 11—"Acetals and Metals of 1, 3 Diols", a research paper co-authored by Dr. Conrad, Raymond Murphy, and others, was published in the *Journal of Organic Chemistry* for September.

October 12—Professor Eugene Williams supervised the Geology Club's trip to the Springfield area. The group, consisting of more than twenty-five members, visited the Atwater Quarry in Westfield, the Blandford Mica Mine, the Chester Emery Mine, and other places in the Springfield-Westfield area.

October 17—Tech Delegates attended the Peace Corps Meeting in Boston. Professors Walter Marston and Carl Medde, together with William Connelly, George Quinn, and George Gibson, made the trip to represent our school.

October 28—The Kiwanis Club sponsored a Charter Night for the Circle K Club. William Connelly was elected president of the new organization.

October also saw Tech's newly-organized golf team visit New Bedford for a match. Chick Connell, Bill Connelly, Ernie Pontiff, Tony Almeida, and John Connell were the Tech duffers.

The Senior Business Administration Class, under the supervision of Professor William C. Wild, of the Business Department, visited the S. D. Warren Paper Mills in Portland, Maine. Forty students made the trip.

November 9—Members of the Accreditation Survey Team arrived. The arrival of the committee culminated a week of frantic, last-minute preparations, especially in the library.

A sidelight of the preparations engaged in occurred when one night, five students volunteered to transfer some 5,000 volumes into the new college library during the hours from midnight to 2 a.m.

During that time, a man walking down the sidewalk outside noticed lights in the building. He came in to investigate. When he found out what was going on, he took off his coat, rolled up his shirtsleeves, and pitched in to help.

The next day, the same citizen sent a bouquet of flowers to the school to wish us luck in our accreditation examination.

Thank you, Mr. Frank Carr.

November 14—Dr. Philip Schmidt-Schlegel, consul-general from West Germany, was the first speaker in this year's college lecture series. He spoke on "The Berlin Crisis."

November 17—Led by Joe Laliberte's 26 points, Tech's hoopsters topped an Alumni team by a score of 75-67 on the Boys' Club Court.

November 24—The Chemistry Department was granted \$865.00 by the Atomic Energy Commission for the purchase of equipment for nuclear science experiments.

November 30—Among paintings exhibited at the Fall River Public Library were "Night Reflections" and "Study in Contrast" by Calvin Chrupcala, and "Across the River" by Instructor Frank McCoy.

December 6—Leslie J. Weed, Vice-President of the American Institute of Electrical Engineers, visited the school, accompanied by Donald A. Quinn, liaison engineer for Yankee Atomic Electric, Rowe, Massachusetts.

Color slides of the construction of the Rowe plant were shown, and an explanation of the operation of the plant was given.

December 8—A C C R E D I T A T I O N !! The announcement was made. A huge student rally and parade were held at noon in the center of downtown Fall River.

Students staged a demonstration in front of City Hall and paraded around the city in convertibles with the tops down.

Leading citizens had this to say about the accreditation of Bradford Durfee College of Technology:

Mayor Arruda: "... well deserved accreditation."

Superintendent of Schools William S. Lynch: "Our area ... a true cultural center ..."

Attorney Francis T. Meagher: "... the first step. ..."

Dr. Errol Dearborn: "... a good deal ..."

President William J. Holland: "... deep appreciation and pleasure. ..."

December 13—Congressman Joseph W. Martin Jr. addressed the student body as the second speaker in this year's college lecture series. He

commended the faculty and the student body on the fine work done in preparation for accreditation. His lecture topic was "America Faces the Future."

December also brought a change of name to the Department of Languages and History. With the election of Professor Peter E. Donnelly to the faculty, history was transferred to the Department of Social Sciences under Professor LaVault. The Department of Languages and Literature became the new official name of the organizational academic division headed by Professor Frederick Winter.

December 15—Christmas Vacation began with the traditional Christmas Party in the school cafeteria. This year's party was the best-attended celebration at the school in years, with more than half the student population, as well as many faculty members in attendance.

"Chug" and "Reeb", the mascots from Phi Psi and Epsilon Phi Pi, were added attractions.

The Student Council followed with its annual Christmas Dance at the Hotel Mellen. It was the "big dance" of the Christmas season for Tech students.

January 12, 1962—Barrington College became Tech's second basketball victim of the week when the Rhode Island team was outscored by Durfee College by a score of 73 to 65. John Connell led the Tech attack with 23 points. The Engineers had beaten Curry College two days earlier by a score of 73 to 64.

January 15-26, 1962—Midyear Examinations—semi-finals for the Senior Class—were taken during these two weeks. Some senior exams were held early, and the majority of the '62 graduates finished their finals at the first part of the second week, and had three or more days "vacation" before the opening of the Spring Semester.

Mr. Murphy, an instructor in the Department of Languages and Literature, was granted a leave of absence in order to complete studies for his Masters Degree.

January 29—Registration for our final college semester took place.

January 30—Classes resumed—the BIG PUSH was on. Only 125 days until Commencement.

February 2—This date marked the sixth anniversary of the granting of a charter to Durfee College by the American Institute of Electrical Engineers.

The Affiliate Branch at Tech was organized by Professor Bertram B. Hardy, Head of the Electrical Engineering Department. Professor Hardy is also president of the faculty members from the New England District. During its first year at Tech, AIEE had a membership of thirty-five students, including Mr. Paul Caron who is now an instructor in the Electrical Engineering Department.

On August 1, 1960, the college was granted an Associate Charter, and at that time the student branch had forty members.

The membership at Tech during the 1961-62 school year reached its highest point since the organization of the branch, with more than fifty-five members. This membership included Mechanical, Electrical, Business, and Civil Engineers from the sophomore, junior, and senior classes.

Nationally, the Association has more than twelve thousand members, including engineers from all fields.

February 6—Kappa Sigma Phi Sorority sponsored a "Poverty Dance" (twistin' shoes and all), at Stevenson's Rumpus Room.

March 24—Spring Vacation, running until April 1, began.

Both Epsilon Phi Pi and Phi Psi held their annual spring dances. "Reeb" and "Chug" were on hand to lend an air of sophistication to the proceedings.

Phi Psi held its second annual Scholarship Dance at Lincoln Park. The proceeds of the dance went toward scholarships for worthy freshmen entering Tech next fall.

April 19-22—Patriot's Day a well-deserved day off, followed by the Easter Vacation, gave us a short respite from studies.

OPEN HOUSE!!! Tech's first open house in three years brought many thousands of people from Fall River and the surrounding towns to the college. More than five thousand people visited the school during the Open House, which climaxed "Durfee College Week" in Fall River.

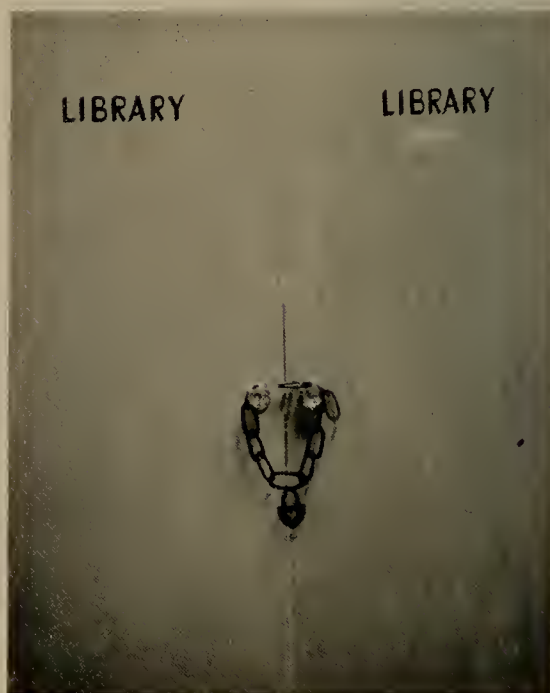

May 14—Senior Final Examinations Began.

May also brought the Junior and Senior Proms. Both dances were well attended, and the Senior Prom marked the close of the college-sponsored social calendar for the Class of 1962.

As we, the Class of 1962, finished our four years at Durfee Tech, we recalled our entrance into the college four years ago. . . .

There have been many changes within the college in the interval from September, 1958 to May 1962: the addition of several departments, the increase in the student population, the increase in the number of instructors, the opening of our larger, better-equipped library and reading room, and, of course, the most welcome advancement during our stay at the college—ACCREDITATION.

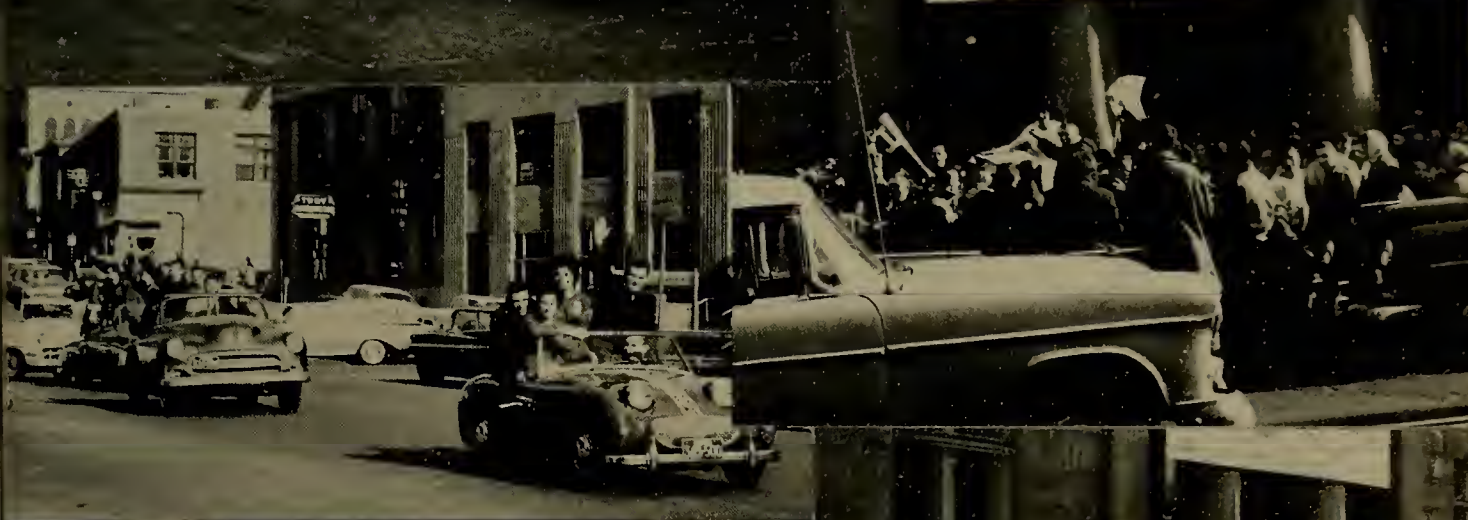

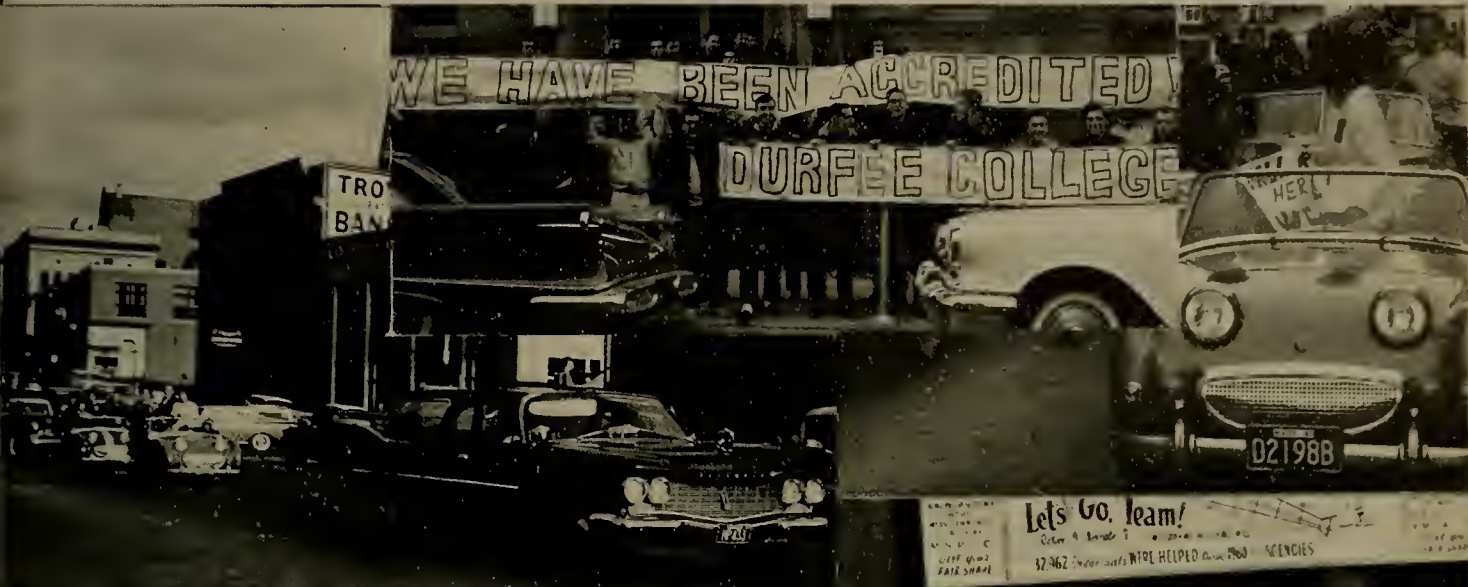

Who would have foreseen, four years ago, all that has happened? Who knows what the next four, or the next forty years will bring? We may forget a part of what, at one time, was our very life as we progressed through school but each graduate will keep in his or her heart that especially fond memory, his or her own special moment which will live on and on, never growing dim or old. We hope that this memory has been included in this review.

DECEMBER 8, 1961 ACCREDITATION DAY FOR BRADFORD DURFEE COLLEGE

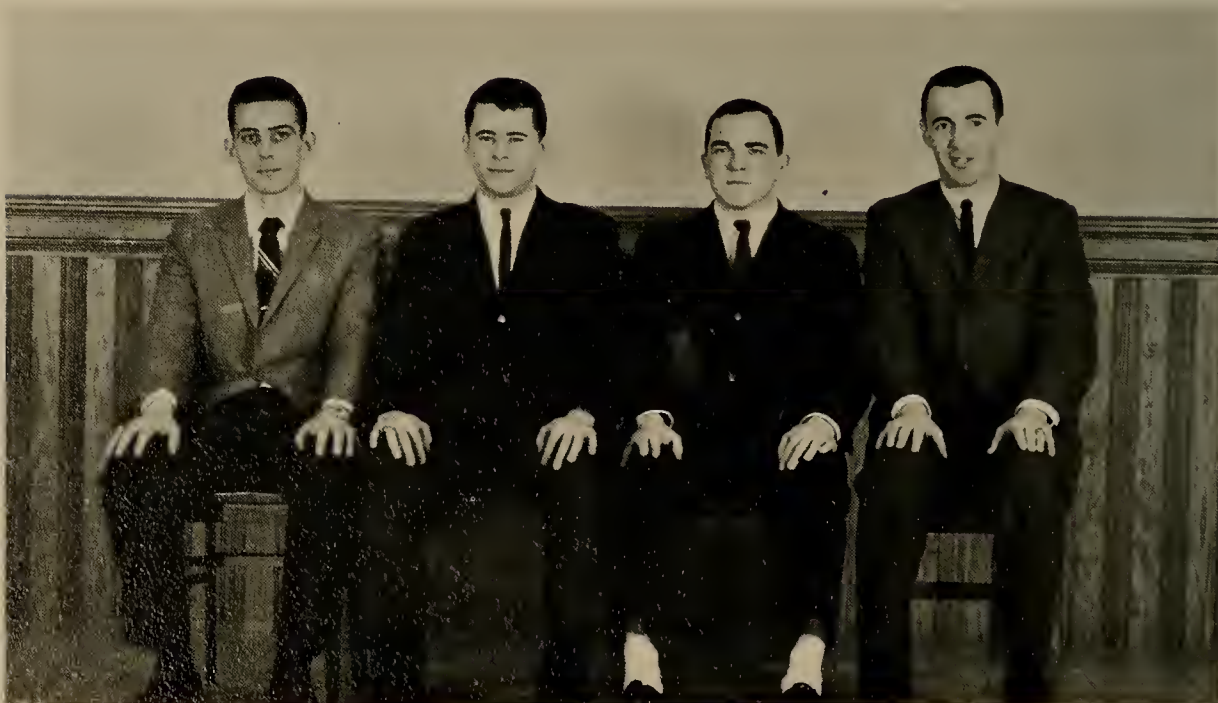

#### STUDENT COUNCIL

1st Row (L to R): C. Goulet (Sec.), G. Quinn (Pres.), C. Ashworth (V Pres.), L. Kalil (Treas.). 2nd Row: R. Bucko, C. Beshara, Prof. C. Medde (THE ADVISOR), G. Gibson, J. Paulo.

#### SENIOR CLASS OFFICERS

(L to R): Ronald Capeto (Treas.), Raul Martin (V Pres.), George Gibson (Pres.), Edward Owen (Sec.).

## JUNIOR CLASS

#### SOPHOMORE CLASS

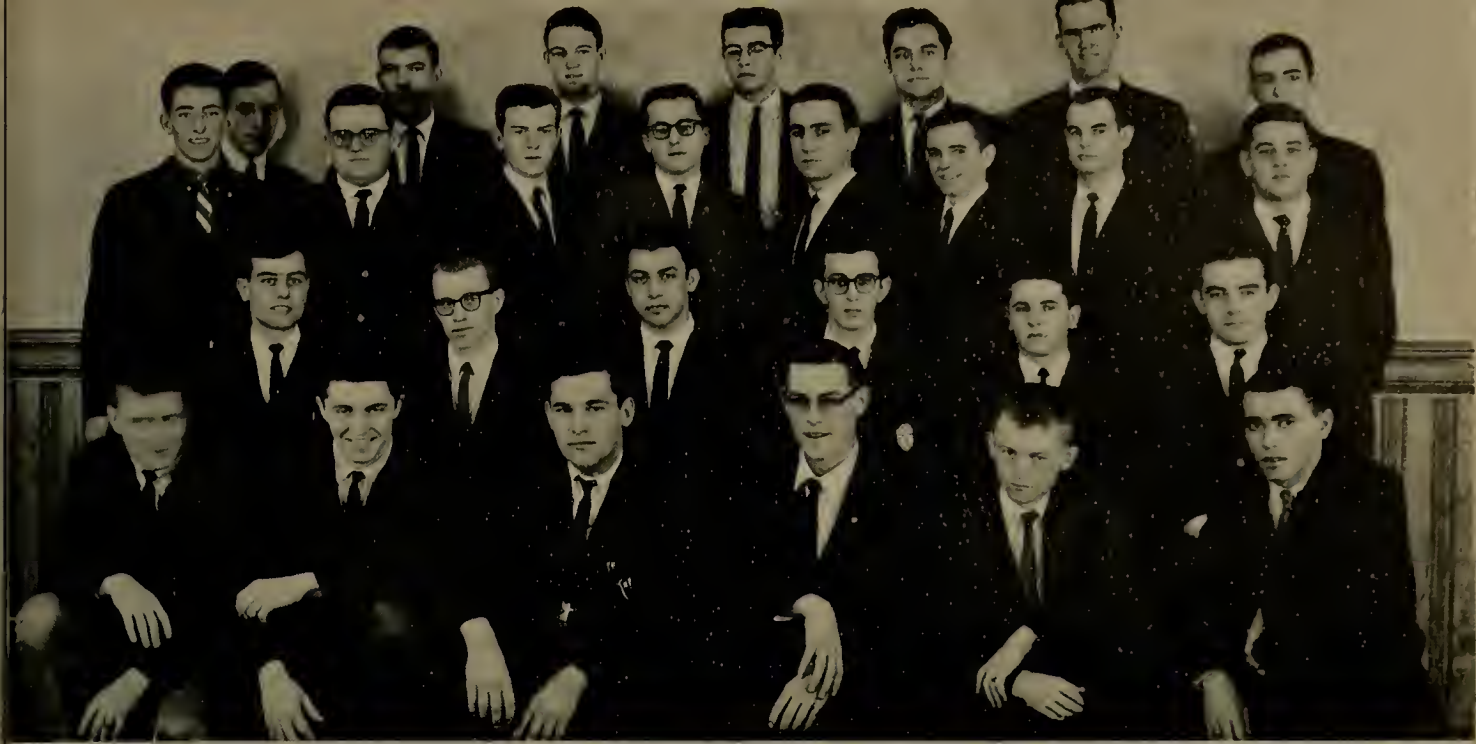

1st Row (L to R): A. DiCorpo, D. Lavoie (V Pres.), L. Wood, J. Lima, D. Sabourin, S. Peckham (Treas.). 2nd Row: R. Mercier, W. Bolcon, J. Owen, T. Curry, R. Rego, R. Szaro (Sec.). 3rd Row: D. Bailey, K. Travis, R. Thompson, W. Mikolazyk, P. Cabral, E. Oliveira, W. King, W. Camara. 4th Row: R. Hoy, M. Shorrock, J. Plourde, H. Hodgson, R. Friar, M. Coderre, L. Marchand, P. Violette..

#### SOPHOMORE CLASS

1st Row (L to R): J. Arcikowski, M. Picard, P. Tokarz, N. Frade, J. Santos, B. Pelletier. 2nd Row: H. Guay, J. Travers, R. Desrosier, W. Thomas, J. Pereira, C. Chrupcala, A. Faria. 3rd Row: G. Brown, K. Aguiar, R. Burton, J. Holcomb, A. Dunnigan.

#### FRESHMAN CLASS

1st Row (L to R): M. Norton, E. Stevens, B. Alosi, R. Janelle, C. Brown, L. Soares.  
 2nd Row: R. Cousineau, P. Desilets, L. Orabona, K. Rapoza, R. Gagnon, R. Martin. 3rd  
 Row: M. Wills, G. Di Chiara, B. Perry, W. Cox, E. Viveiros, R. Witherell, D. Menard,  
 P. Pelletier. 4th Row: S. Kozikowski, R. Boruch, R. Fitton, M. Plonka, R. Landry, F.  
 Cole, E. Rivard.

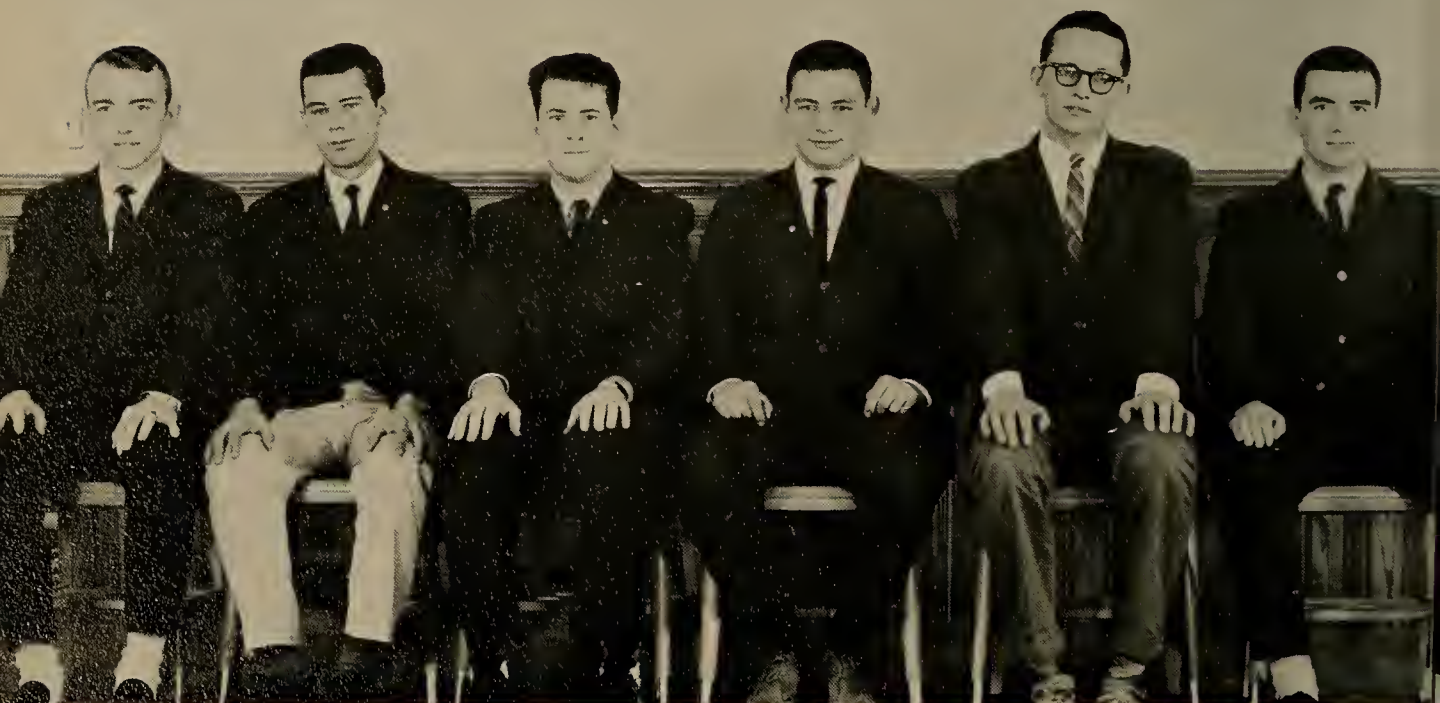

#### FRESHMAN CLASS

1st Row (L to R): R. Levesque, A. Demary, G. Galego, P. Tang, P. Cantin, L.  
 L'Archevesque, K. Reback. 2nd Row: D. Tompkins, K. Keating, C. Kalil, L. Rufer, P.  
 Hilton, H. DeCambra, L. Medeiros, I. Mathieu. 3rd Row: J. Pacheco, A. Gateriewicz, R.  
 McLaughlin, G. Costa, R. Deveau, A. Shea, E. Mendes, P. Berube, L. Sullivan, R. Lima.  
 4th Row: H. Shapiro, R. Condon, R. Bouchard, W. Bolinder, F. Silva, J. Simonetti, E.  
 Foley, R. England.

#### TECHNOLOG

1st Row (L to R): N. Frade, J. Arcikowski, J. Santos, D. Woods, L. Kalil. 2nd Row: F. Cotter, J. McCarthy, D. Medeiros, D. Matthews (Editor), P. Cantin, J. Portlock (Co-Editor).

#### TECH TALKER

1st Row (L to R): E. Berube, J. Velozo, N. Fitton (Editor), P. Cantin, F. Golembewski, J. McKeon.

#### CIRCLE K CLUB

1st Row (L to R): R. Thompson, R. Nulman, Prof. W. Babcock (Adv.), W. Connelly, R. Mullens. 2nd Row: D. Matthews, J. Portlock, P. Cantin, F. Cotter, D. Yoke, J. Veloza. 3rd Row: W. Bielawa, W. Mikolazyk.

#### NEWMAN CLUB

1st Row (L to R): G. Couto, (V Pres.), J. Johnson (Sec.), Dr. Conrad (Adv.), C. Goulet (Pres.), J. Olsen (Treas.), R. Desrosier. 2nd Row: L. Mathieu, L. Medeiros, M. Picard, P. Tokarz. 3rd Row: R. Gendreau, G. Morash, P. Lussier, R. Bucko, A. Pimentel.

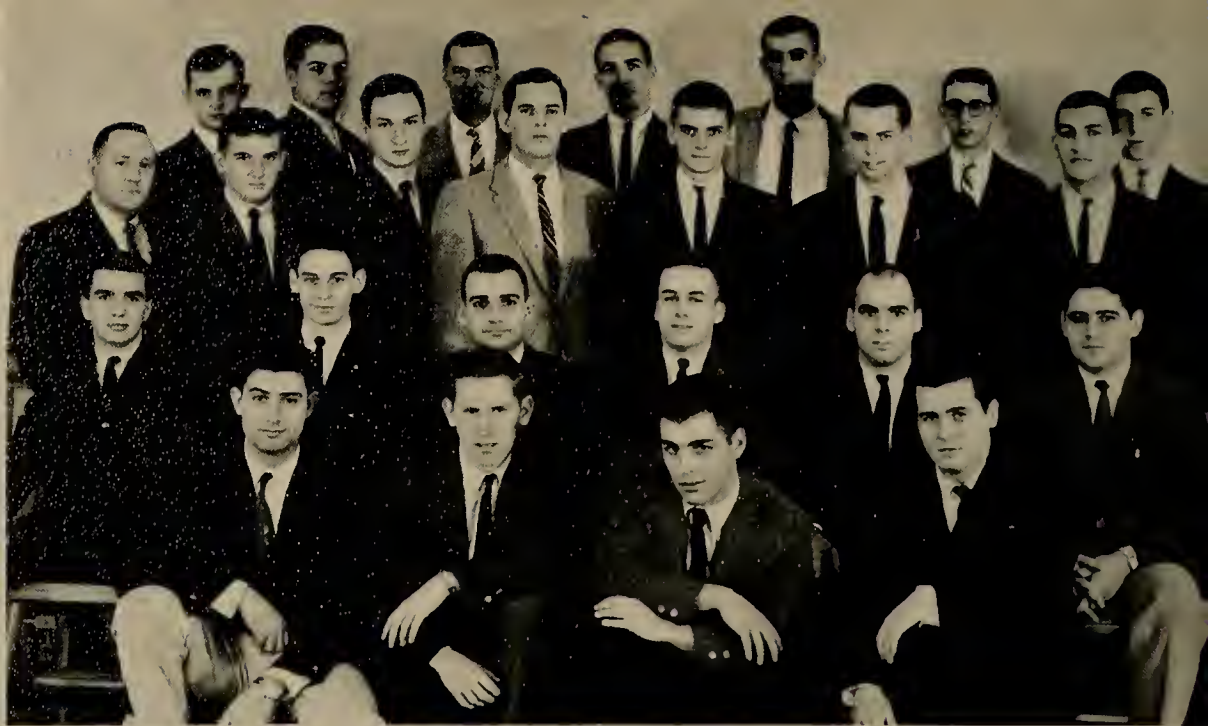

YEARBOOK STAFF

1st Row (L to R) : James Manton, William Connelly, Leo Lanouette. 2nd Row: Thomas Flynn, Paul Desforge, Henry Levesque, Charles Ashworth.

KAPPA SIGMA PHI

1st Row (L to R): L. Kalil, Miss H. Eaton (THE ADVISOR), N. Cornelison (Pres).  
2nd Row: J. Olsen, M. Letendre, J. Arcikowski, J. Rodrigues.

#### EPSILON PHI PI

Kneeling: F. Rosa, F. McCann, R. Thibault, R. Murphy. 1st Row (L to R): J. McKeon, E. Caron, A. Pimentel (Chanc), D. Sabourin (V Chanc), J. Amarantes (Bursar), R. Gendreau (Pledgemaster). 2nd Row: G. Moran, J. Bond, D. Rachlin, J. Drapeau, W. Keating, C. Steger, G. Elias. 3rd Row: R. Lavoie, A. Ferreira, R. Hoy, D. Gracia, H. Attar, J. Travers, R. Gomes.

# Special TEXTILE DICTIONARY for BEST RESULTS in Textile Processing

## C

### Castrolite® (kās/atrū.līte)

A highly sulphonated castor oil made by an improved process of manufacture. A stable penetrant for dyeing or kier boiling. Used extensively in finishing.

## D

### Discolite® (dīs/kū.līte)

Concentrated sodium sulphoxylate formaldehyde available in lump, pea, rice or powder form.

A powerful reducing agent, stable at high temperatures. Widely used to effect reduction and solution of vat colors, and for discharge effects when applied to colored grounds. Effective when mixed with vat colors and discharge pastes wherever the reducing agent must retain its reducing power after being dried into the fabric.

### Dispersall (dīs.pûr/sai)

A long chain ethylene oxide condensate in the form of a colorless, neutral, somewhat viscous liquid. Fully resistant to hard water, and miscible with water in all proportions. A retardant and leveling assistant in vat dyeing.

Used widely as a dispersing agent in dyeing synthetic fibers with disperse colors and for fast color salts and bases in Naphthol dyeing and printing.

Effective in stripping to prevent redeposition of the color on stripped goods.

## N

### Neowet (nē/ō.wēt)

Complex Polyethylene Ether in the form of a pale yellow, slightly viscous liquid.

A non-ionic surface active wetting agent, effective at all temperatures. Completely compatible with enzymatic desizing agents and readily soluble in water. Contains 33 1/2% active ingredients. Widely used in scouring all types of textile fabrics and for general wetting purposes.

### Neowet X (nē/ō.wēt)

Organic Ether Sulphonate in the form of a water white slightly viscous liquid.

An anionic surface active wetting agent, effective at all temperatures. Does not affect enzyme activity in desizing. Compatible with hydrogen peroxide and resin finishes. High detergent value. Contains 20% active ingredients.

### Neozymes® (nē/ō.zīms)

Desizing agents made up of amylolytic, proteolytic and fat splitting enzymes available in the form of crystalline powder or liquid concentrate for high or low temperature requirements.

Neozymes quickly remove all trace of starch glue or gelatin sizing without danger of damage to even the most delicate fabrics. For best results, use with NEOWET to speed saturation.

## P

### Parolite® (pār/ō.līte)

Zinc sulphoxylate formaldehyde in the form of white crystalline powder. A highly concentrated stripping agent for all forms of wool and modern synthetics.

Completely soluble in water. Leaves stripped goods soft, completely free of zinc dust and in most receptive condition for further processing. Often completely strips goods where other stripping agents fail. Very effective in discharge printing on acetate rayon.

## V

### Vatrolite® (vāt/rō.līte)

Concentrated sodium hydrosulphite in the form of white crystalline powder. A powerful reducing agent for vat colors, ideal for dry feeding because of its free flowing, dustless character. Completely soluble in water.

Effective stripping agent for direct, sulphur and vat colors on cellulosic fabrics.

Quickly removes rust stains from cotton goods. May be stored indefinitely.

Available with optical whites and in buffered formulas for high temperature use without excessive alkalinity.

### Velvoray® (vēl/vō.rāy)

A high grade finishing oil made up of sulphonated vegetable oil combined with specially selected fats.

Compatible with all materials commonly used for finishing textiles. Will not foam, smoke or oxidize. Imparts no rancid odor. Gives body and has emulsion stability. Widely used to add a silky softness to all types of fabrics.

### Velva Softener (vēl/vā)

A highly sulphonated tallow in the form of a creamy white paste, easily dispersed in water. Used in general finishing of all types of textile fabrics. Will not "smoke off" or change color in high temperature operations such as calendaring or drying. Has no effect on light fastness of colors.

Strategically placed warehouses plus company owned trucks add up to fast dependable delivery, every time.

**WHITINSVILLE, MASSACHUSETTS • U. S. A.**

Whitin manufactures a complete line of modern, efficient, high-production equipment for the processing of natural and synthetic fibers.

Whitin's world-wide reputation for producing the very finest in textile machinery is built upon 130 years of experience in the field.

Regardless of its preparatory function, each Whitin machine will do its specific job better, faster or more economically than that job has ever been done before. Each will show unmistakable evidence of the advanced research, engineering and craftsmanship which are inherent in all machinery made by WHITIN.
